

## Fun French for Children At Kidzplay Centres

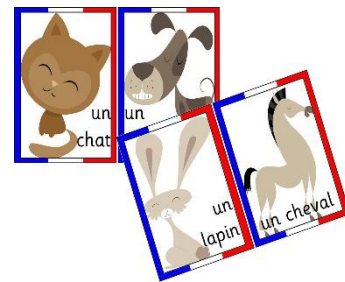

Do you want your child or children to learn a second language whilst playing games and having fun? Then come along to your local Kidzplay Centre, Harrogate or Boroughbridge where children can take part in a French class and then play in the centre's play areas.

Children from approx. 4-9 years can join a Fun French class. Parents can enjoy a cup of coffee and a chat whilst their children have fun learning French.

Toddlers learn French with their parent or carer with lots of hands on fun, singing and playing in a small group with a maximum of 6 children. Suitable for children approx. 2.5 years through to school age.

Activities for all sessions include playing games and singing songs. Sometimes the children use puppets, do role play and sometimes they will do some art and craft.

The sessions are led by a qualified French teacher and mum of 2 with experience of teaching in schools and for Le Club Français.
