Year 3

Year 3 outdid themselves this week at the dance festival! They remembered all of their moves and timings and did it all with huge smiles on their faces, well done Year 3! In maths this week we have been learning how to tell the time correctly in analogue and digital times, before moving onto different time vocabulary. We have finished our 'Horrible History' news reports and we can't wait to share them with you in celebration assembly.

In the first week back after half term we will continue with learning how to tell the time to the nearest minute and we will be starting a new science topic 'How would we survive without water?' about states of matter.

To support your child at home please practise their weekly spellings on a daily basis and make sure that their planners are signed every time they read. All children must have a PE kit in school Monday to Friday. Thank you for your continued support.

Year 4

Year 4 have had an interesting week! We have been looking at patterns between numerators and denominators in maths as well as creating our own fraction matching game to cement understanding. After the holidays, we will be looking at how to add fractions with the same denominator and then moving on to telling the time. In English we have used an explanation text about volcanoes to write our own versions of how they erupt. After half term the class will research a topic that interests them (they may find a book to use from home!) and then will start to write their own explanations. Have a good break Year 4!

Dates for your diary

Monday 12th February – Half Term

Monday 19th February – School opens

Tuesday 20th February – Year 5 (Group 2) Visit to Boroughbridge Library

Wednesday 21st February – Year 6 height and weight check by Healthy Child Team

An important letter about a new doorway entry system has gone home in book bags today. Please take the time to read it before the beginning of the new half term. Thank you.

Year 5

This week in English we have completed our 'Stories from other cultures' by writing, editing and assessing our completed stories. In maths we continued to develop our knowledge on fractions by adding and subtracting them. After half term we will learn about decimals and percentages and in English we will study Reports. Our topic will be Rainforests and in science we will be learning all about Living Things and their Habitats. To support your child at home, please guide them with their homework and help them practise their instant recall targets. Please also listen to them read. Enjoy your half term.

Year 6

What a great week to end this half term on! Year 6 really shone at the dance festival this week, they faced the daunting prospect of performing first in the celebration but they took it in their stride and ended their performance with a huge round of applause from the whole audience. The children have homework from their CGP study guided as SATS revision over the holidays. They also have a list of all spelling patterns covered this year which will appear on their SATs spelling test. Have a wonderful half term holiday Year 6!

If you need to contact any of the class teachers in KS2 you can find us on the playground after school, alternatively you can send us an email ...

Year 3 Miss Evans

j.evans@boroughbridge-pri.n-yorks.sch.uk

Year 4 Mr Clough

j.clough@boroughbridge-pri.n-yorks.sch.uk

Year 5 Mrs Ryan

e.ryan@boroughbridge-pri.n-yorks.sch.uk

Year 6 Miss Lea

k.lea@boroughbridge-pri.n-yorks.sch.uk

Star of the Week

Joseph - for his super work on fractions

Sinead - for her excellent story writing.

Kaden - for his perseverance in mathematics

Toby- for his hard work and effort in mathematics.
