Summer Term 2, Week 7, w/c 13/07/20

Dear Parents and Carers,

I hope you've had another good week. We're into the last week of this school year and so we have some transition activities to help us think about home schooling and how we are feeling going back to school in September.

At school we will be busy getting the school ready for the new term and so communication with you will therefore be less. The children at school will be winding down and will take part in a quiz and watch a movie at the end of the week. Why don't you do the same?!?

You will also be receiving your child's end of year report this week and will of course be available to answer any questions you may have.

Dawn Osman

Year 3/4 Teacher

Virtual Sports Week 13-17 July

This week the children would normally take part in a Sports Day. As this won't be possible this year we thought you could take part in a virtual Sports Day instead. By taking part in a number of different events, all of which you can complete at home, you will earn points for your table group. The more events you complete, the more points you can earn. Please find on the attached sheet the events, table groups and details on where to send your scores. The winners will be announced on Friday 17th July. Have fun!

Maths

Daily Maths activity - **Fluent in 5 – Week 6**

White Rose Maths

Year 3 – Compare, add and subtract capacity, pictograms, bar charts

Year 4 – Lines of symmetry, symmetric figure, describe position, draw on a grid

English

Please continue to pick a photo from Pobble 365 and either use the story starter or related comprehension and SPAG activities.

SPAG (Spelling Punctuation Grammar)

Spellings – Keep practicing your spellings on a daily basis using the “Look, Say, Cover” approach and try out your knowledge with a test at the end of the week.

Continue to practice words from the Year 3/4 statutory spelling list attached.

Topic

PHSE – The Worry Tree

We all worry sometimes. For some children it can be hard to understand what they are feeling. Something that may seem small to us can feel really, really big for them! The Worry Tree can be used to get children thinking and talking about what they're feeling and finding ways to tackle their worries by writing them down on a Worrypuff bird. Use this as an opportunity for you to talk to your children about going back to school in the Autumn term. Feel free to discuss any worries with their new teacher.

“All about me” Bunting

Design your own “All about me” bunting to show Mrs Ryan your likes and dislikes and anything else that interests you or is important to you. A bunting template is attached. Make sure your design is as colourful as possible and includes your name and birthday in bold. It will then be displayed in the class room in the new term.

Summer Science Week – 13-17 July

Join us for an exciting free week of science streamed straight into your home, with talks and videos on the science of pets, space, doping in sports and Antarctica exploration, as well as special events, including an online quiz with questions by Prof. Brian Cox and other guests.

Don't miss out on this free celebration of cutting-edge and historic science. Use this link [Science Week](#).

My Time away from School

We have all been working from home wherever possible and we have all had different experiences. It is important to understand what each of us has been doing and what effect these experiences have had on us. Complete the questions on the attached sheet to help you think about what you have been doing and how you have been feeling during your time away from school.

Reading

Home Reading – The Ickabog

In **Chapter 6 and 7** Daisy speaks her mind about her dislike for King Fred and starts a fight in the courtyard with her best friend Bert. Lord Spittleworth and Flapoon hatch a plan to tell tales of the fight to the King in the hope he bans children from coming within the castle grounds. In **Chapter 8** the King thinks about how to disprove rumours of being in Daisy’s words “selfish, vain and cruel” at the yearly Petition.
