

Home School Learning

Summer Term 2, Week 1, w/c 01/06/20

Dear Parents and Carers,

I hope you managed to have a relaxing week last week in the sunshine and are beginning to enjoy a little more freedom from lock down.

As home learning is continuing for the Year 3/4 's until further notice I have tried to keep consistency in the type and amount of work I'm sending. As always please don't hesitate to contact me if you need any help or support on any of the activities. I can also direct you to more related work if required.

Also, please don't forget to write a letter to one of our care home residents. It really will make a huge amount of difference to someone's day.

I hope you have another good week, and please keep sending me your wonderful photos.

Dawn Osman

Year 3/4 Teacher

[BBC Bitesize Primary](#)

[Oak National Academy](#)

Daily Exercise

Keep healthy and active by continuing with [Joe Wicks Daily Workout](#)

Cosmic Kids Yoga – Following on from last week's comprehension activity I thought you might like to try some Harry Potter themed yoga. Use the following link [Harry Potter Cosmic Yoga](#).

Maths

Daily Maths activity - Fluent in 5

This week's Fluent in 5 is a recap of what the children have practised in previous weeks.

White Rose Maths

Year 3 – 10th's as decimals, fractions on a number line and finding fractions of a set of objects.

Year 4 – adding and subtracting 2 or more fractions and finding fractions of a quantity.

Attached you will find a document with the links to videos by White Rose Maths as previous, but please remember that BBC bitesize are offering online lessons and worksheets on the same subjects which may be more accessible to some children.

Friday Challenge/Times Tables

Summer Holiday Code Breaker

Use the numbers in the grid to solve the code breaker. The numbers are arranged in a grid with columns labeled 'Answer' and 'Code'.

Code Breaker – I have borrowed the idea for this week’s activity from Lewis. Solve the calculations and use the code breaker to spell out Summer themed words.

English

Please continue to pick a photo from Pobble 365 and either use the story starter or related comprehension and SPAG activities.

SPAG (Spelling Punctuation Grammar)

Spellings – I have attached a new Year 3/4 Spelling List for Summer Term 2. Keep practicing your spellings on a daily basis using the “Look, Say, Cover” approach and try out your knowledge with a test at the end of the week. I have also attached the full Year 3/4 **Statutory** Spelling List as a reminder.

Topic

Science

This week you will begin to explore food chains.

You will be asked to watch some videos, take part in a Food Chain Challenge, look through a Power Point and have a go at making some food chains of your own.

All the documents you need are attached to this email.

Geography

This week we will be continuing our study of cities and towns. Please find attached worksheet with examples.

Start by searching for images of towns and cities and making a collage. You are then going to test your knowledge of different counties in the UK with this quiz [UK Counties Quiz](#).

Finally, you are asked to plan a journey from Boroughbridge to anywhere you like in the country. This could be to visit a relative or a friend of the family or maybe the beach. An example is attached to the worksheet.

Reading

Whole Class Read

Yesterday we witnessed the launch of the first American rocket launch into space for 9 years. I have attached some news articles to read and a comprehension activity about **SpaceX**. You will then produce a project of your choice on the future of space exploration.

Home Reading Books

Please also continue to access books and quizzes online at Rising Stars.
