

Nursery News

29th September 2017

This Week

We have continued to learn the names of 2D shape, in particular, square, triangle, circle, rectangle (oblong), star and diamond (rhombus). Please look for these shapes in the environment - in your house, your garden, your car etc.

We have been singing lots of nursery rhymes. Which ones do you know?

Next Week

We will be continuing our work on shape. Do you know a nursery rhyme or song with a shape in it?

Our book of the week is called *Grow your own* and we will use it to promote healthy eating and shape. We will be tasting different fruit and vegetables and making pizza and toast shapes. Mr B will be teaching some of the time as part of his teacher training.

Reminders

- The staff caring for and educating your children are Mrs Scott, Mrs Maltby, Mrs Charlton and Mrs Wall.
- Please make sure your child has wellies and a waterproof coat in nursery at all times. (no crocs or laces if possible)
- If you are likely to be late picking up or someone else is picking up your child please phone and let us know.

Stars of the Week

This week our star is Lucy for great learning alongside her friends.
