	Item	Action
1	Volunteer Assembly - everyone felt it was a good idea to make cards and crackers as they lasted, rather than buying something. It was more personal.	Put it on the calendar in plenty of time to make things and send invitations, eg end of November.
2	The results of the growth mindset questionnaire suggested that most children had a positive growth mindset although overall it could be improved.	Assembly for KS2 and KS1 separately Miss Lee to organise.
3	Garden Project - This is taking place at Easter and we would like to dedicate it to Mrs Hornsey (and other members of staff, eg Mrs Rowe). The children came up with several ideas including hanging photos/poems on a tree, making tiles to be used in the path/some areas, collecting shells and using them in a border, dedicating plants from families, making an outdoor canvas, using recycled products in its construction. We also discussed what we would call it.	Children to ask their classmates for ideas including names and report back to Miss Lee before half term. Teachers to facilitate. a) Ideas b) Name
4	E-safety day - 6 th February. We discussed how to involve parents in E safety and decided that we would have an assembly which involved the children. Perhaps, each year group to take a theme, eg gaming, Youtube, social media etc.	Miss Lee to talk to teachers about E-safety day for pupils and designing an assembly including pupils for parents (not necessarily on the same day) with

		each class delivering a theme.
5	<p>Sports Relief - 17th-23rd March</p> <p>We discussed how we could work out what to do for this charity. It was agreed that we would have an assembly for awareness and that school councillors would then gather ideas from classmates.</p>	<p>KS2 School councillors to prepare an assembly for the rest of school so they can make a decision about the activities, timings etc for a Sport Relief Day - consult with Miss Gloag.</p>
6	<p>Miss Lee will take responsibility for School Council until after Easter</p>
